Wednesday 19th January 2022

Dear parents/carers,

Communicating any positive LFD or PCR results to our parents and carers

We want to ensure a balance of making you aware when there has been a positive COVID test outcome in school but also not disturbing you with multiple updates.

We have discussed with the local authority health and safety team and they have advised that a text to parents making them aware when a child or member of staff has tested positive would be suitable rather than sending a link to a separate letter on the school website each time.

From today we will send a text to make you aware if there has been a positive test result for an adult or child in school. If you have questions or would like to discuss anything further, we will always welcome a phonecall to our school office and we will do our best to help answer your query.

Yours sincerely,

Simon Crawford & Hannah Darley

Co-Headteachers

The designated Child Protection Officers of the school are Mrs K Kassabian, Miss H Darley, Mr S Crawford, Miss S Harker, Miss H Simpson, Miss L Bolger and Mrs F Sorbie
