Evidencing the impact of Sport Premium and PE

2022-23

Primary Physical Education and Sport Premium

'Evidencing Impact and Accountability'

Introduction

The Primary PE and Sport Premium 2022-23 will be paid by the Secretary of State for Education to the local authority. The authority will then distribute the premium to maintained schools in its area as stated in Section 14 of the Education Act 2002.

Funding for the PE and Sport Premium

Schools receive PE and Sport Premium funding based on the number of pupils in years 1 to 6.

In most cases, the Department for Education determines how many pupils in our school attract the funding using data from the school census.

Funding for 2022-23

Schools with 16 or fewer eligible pupils receive £1,000 per pupil.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Payment dates for 2022-23

The Department for Education gives local authorities PE and Sport Premium funding for maintained schools in 2 separate payments. Local authorities receive:

- 7/12 of our funding allocation on 31st October 2022
- 5/12 of our funding allocation on 28th April 2023

How to use the PE and sport premium

The Department for Education stipulates that 'schools must use the funding to make additional and sustainable improvements to the quality of PE and sport offered'. They suggest that the premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

For example, you can use your funding to:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching.

KI2 - the profile of PE and sport is raised across the school as a tool for whole-school improvement.	We want to provide children with sporting opportunities and enriching experiences. These opportunities inspire and motivate children in sports and PE. Children work on athletics in the summer term and sports day intends to give children the opportunity to showcase their talents and consolidate their learning. As we do not have grass or a field at Hunslet Moor, we are keen to take the children to a Sports Centre to provide them with a effective sports day.	Sports Day at John Charles Centre for sport and transport. £1310 6.7%	All Year 4 – Year 6 pupils (180 pupils) took part in a day of competitive athletics at John Charles Centre Stadium (100m, 100m hurdles, 400m, 4x100m relay, long jump, discus and an obstacle course). This was a fantastic opportunity and enriching experience for our children, as they have no access to a field on our school grounds. All EYFS and KS1 pupils + Year 3 took part in a competitive Sports Day based at school. Teachers planned the Sports afternoon, where parents and families attended to support and encourage their children. Children were able to participate in a sport that they would not normally have the opportunity to play. Feedback from pupils was positive.	<ul style="list-style-type: none"> • Sports Day 2024 to be hosted at JCCS. • Consider parent feedback for any amendments for our in house sports day. Parents enjoyed refreshments and the organisation of this year’s sports day.
KI5 - increased participation in competitive sport.	Hunslet Moor primary School endeavour to provide children with enriching experiences and we wanted to increase the participation of our children in competitive sport this year to ensure a large majority of children had this experience. Due to the context of our school, it can be difficult to acquire money for transport for trips and so this was allocated into proposed spending to ensure we could take part in these experiences.	Transport to competitive games £280 1.4%	The allocated funding for transport to competitive games allowed us to take part in many competitive sports, please see the list of competitive games and sports HMPS have taken part in this year. <ul style="list-style-type: none"> - Skateboarding – September 2022 - KS1 Multiskills Experience – November 2022 - KS1 Gymnastics – February 2023 - Ice Skating – January 2023 - LKS2 Tennis – March 2023 - Early Years Explorers – June 2023 <p><i>We have achieved a Gold award for School Games mark this year, for the second year in a row.
